2nd Floor

The second floor of Zelkova house is the girls' floor! It is a friendly and warm environment where you can make friends regardless of your grade or upbringing. Everyone is doing what they like, playing games, making sweets, dancing etc. I believe that the atmosphere of admitting and respecting these things is only possible because we are on the second floor of Zelkova house! If you are anxious about dorm life, don't worry! Let's fun together on the Zelkova 2nd floor!

3rd Floor

The Third floor is also girls' floor! We enjoy dorm life cooking together, celebrating birthdays and sometimes talking with friends on the late night! We support each other to get through even the hardest times like when we have a lot of assignments, we encourage each other, and when we catch a cold, we all take care of each other! There is no hierarchy on the 3rd floor, so you can make friends with many people regardless of your grade! We're all looking forward to seeing you at Zelkova house!
