ICU was ranked highest among private universities in Japan

# INTERNATIONAL CHRISTIAN UNIVERSITY

Japan's Premier Liberal Arts Institution

# Why Japan?

Japan is a place where tradition and technology intersect.

## High Quality Education

Japanese universities uphold excellent academic standards and provide students with state-of-the-art technology and facilities. Studying at ICU and learning to speak, read and write Japanese gives students a competitive advantage when seeking a job in Japan and abroad.

## A Safe and Peaceful Environment

Japan is one of the safest countries in the world. With a reliable public transportation system, students can easily navigate busy cities like Tokyo, and travel to the countryside to enjoy the peaceful, picturesque landscape.

## Amazing Cultural Experiences

In Japan, old and new, East and West, and natural and artificial seamlessly blend together. Students are exposed to a rich culture and history and to cutting-edge fashion and technology.

# Why ICU?

At ICU, you will learn how to be a global citizen who is prepared to serve the world.

## Message from the Dean

Thank you for considering ICU for your college education. There are several advantages to choosing ICU. We offer an excellent liberal arts education with an international perspective. ICU has been ranked as Japan's top private university for two consecutive years in the Times Higher Education's Japan University Rankings. At ICU, you will learn to communicate effectively in Japanese and in English, and you will have an opportunity to explore a wide range of academic disciplines. ICU offers 31 majors in the humanities, social sciences, natural sciences, and interdisciplinary studies. The education we provide at ICU will help you meet the challenges of this global era.

The COVID-19 pandemic has reinforced our awareness that we live in a globally interconnected society. More than ever, we need vigorous leaders who can develop and implement creative, rational, and ethical solutions to address global challenges. ICU aims to instill such leadership characteristics in our students by providing a creative, rational, and ethical education.

As an international university, ICU seeks excellent students from all over the world. Your unique educational and cultural background will contribute to a diverse campus community, and you will benefit from interacting with students and faculty members who are also unique and diverse.

An ICU education opens doors to a variety of international careers and advanced educational opportunities. Furthermore, your time at ICU will lay the foundation for and spark a desire and curiosity to be a lifelong learner. ICU will help you prepare not simply for a career but also for a meaningful life of learning. I hope that you will consider applying to ICU.

Sincerely,

Yoshito Ishio, Ph.D.  
Dean of the College of Liberal Arts

### ■ Japan's Premier Liberal Arts College and Graduate School

ICU has been a pioneer in liberal arts education in Japan since its founding in 1953.

### ■ Bilingual Education

Japanese and English are the official languages of ICU. This bilingual commitment reflects ICU's internationalism and the promotion of mutual understanding and exchange. Japanese and English courses are offered.

### ■ Japanese Language Education

ICU's Japanese Language Program is one of the world's best, and helps students, from beginners to advanced learners, acquire the skills needed to succeed academically and professionally in Japan.

### ■ Engaging Learning Environment

The ICU campus includes modern facilities and a 150-acre wooded campus unrivaled in the greater Tokyo area.

### ■ A Diversity-Rich Campus

Japanese and non-Japanese students and faculty with a wide range of linguistic and cultural backgrounds study, work and live together and learn to serve the needs of an emerging and interconnected world.

### ■ Top Private University in Japan

ICU was ranked as the leading private university in Japan in the Times Higher Education's Japan University Rankings in 2019 and 2020.

---

# What is ICU Like?

The 620,000 m<sup>2</sup> (150 acre) campus is located in Mitaka, in West Tokyo.

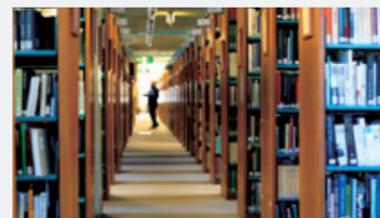

## University Hall

University Hall houses large and small classrooms, research centers and offices. Ever since its founding, ICU maintains a focus on student engagement and small discussion-based courses. The university believes that instructing students in small groups is essential to a good liberal arts education.

## Science Hall

Science Hall is the center of education and research in the natural sciences and houses classrooms, laboratories, computer facilities, and faculty offices. It is equipped with a NMR instrument, electronic microscopes, a mass spectrometer, laser microscopes, and a biotron.

## Library

The ICU Library was ranked 1st in the 2019 University Ranking by Asahi Shimbun. The collection of more than 760,000 volumes in English, Japanese and other languages covers every discipline taught at ICU. The connected Mildred Topp Othmer Library opened in 2000 and includes Japan's first automatic book storage/retrieval system.

## Dining Hall

Located on the first floor of Dialogue House, the dining hall is open to students, faculty and visitors. Breakfast, lunch and dinner are available on a daily basis, and vegetarian meals are offered.

## Physical Education Facilities

A state-of-the-art gymnasium, pool and covered tennis pavilion designed by famed architect Kengo Kuma opened in 2018. Outdoor facilities include soccer, baseball and rugby fields, and an archery range.

# Gateway to Knowledge

Expand your potential through liberal arts.

## Four years at ICU

Reflecting the policy of “later specialization,” students learn about various areas of study by taking General Education and Foundation Courses during the 1st and 2nd year to identify their individual interest and capabilities. Students are also required to take the assigned courses of the Japanese Language Programs during the first two years.

ICU encourages its students to nurture a broad view of the world, to cultivate flexible thinking by experiencing different areas of knowledge, and to form a comprehensive, versatile academic foundation before beginning the process of selecting a major at the end of their 2nd year.

Even after their major declaration, students can take courses from any major to enhance interdisciplinary study. As a culmination of their studies, all fourth-year students write a senior thesis on a topic of their choosing either in Japanese or English.

# Japanese Language Education

## JAPANESE LANGUAGE PROGRAMS

ICU is committed to being a bilingual university with Japanese and English as its official languages. Students entering ICU through English Language Based Admissions (April / September Entry) will study Japanese in our Japanese Language Programs (JLP) to gain proficiency in Japanese and to enable them to pursue academic studies in Japanese and English.

### The Structure of the Japanese Language Programs <https://www.icu.ac.jp/en/academics/undergraduate/jlp/>

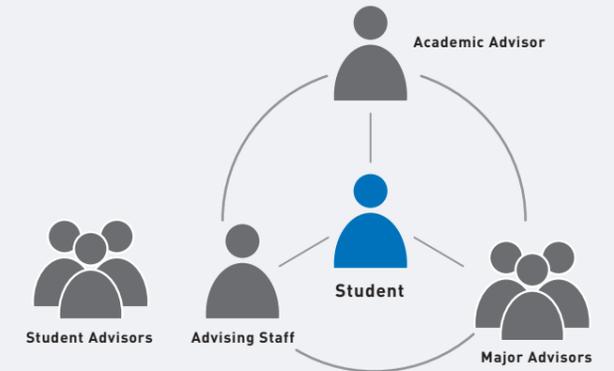

## SUMMER COURSES IN JAPANESE

Summer Courses in Japanese (SCJ) is an intensive six-week program with approximately 50 years of history. Starting in early July, it provides a stimulating environment in which students can increase their understanding of the Japanese language and culture. In addition to the SCJ's 15 weekly class periods of intensive Japanese language instruction, the SCJ also offers cultural programs. In content, method and rigor, the SCJ is equivalent to ICU regular term courses. At the end of the SCJ, five units of academic credit will be granted, which can be counted toward ICU graduation requirements. Students in the SCJ stay in dormitories on campus or with Japanese families off campus to experience life in Japan.

## Academic Advising and Planning

Each student is assigned an Academic Advisor upon matriculation at ICU. In addition, students are granted a Major Advisor once they declare their major. Staff at the Center for Teaching and Learning (CTL) and specially-trained student advisors within CTL's Academic Planning Center also support students in designing their program of study. The goal is to help students cultivate their independence and active involvement in their studies at ICU.

# Gateway to the World

Learn to embrace difference.

## International Campus

The student population at ICU includes people from over 50 countries and one out of every 10 students does not hold Japanese nationality. International students not only speak different languages but also come from a wide range of cultural backgrounds. Given this diversity, ICU is an environment where students can accept differences, respect each other, and live without boundaries.

This sense of communality extends beyond the classroom walls, too: the relationships that students have with friends in their dormitories and extracurricular activities stretch across national and ethnic borders, making it possible for everyone in the diverse ICU community to share the fruits of learning and growth together.

## International Faculty

37% of the ICU faculty are non-Japanese nationals from nearly 20 different countries and 90% of the faculty have pursued education or research outside of Japan.

## Diversity on Campus

ICU has had a strong commitment to the Universal Declaration of Human Rights since its founding. As such, ICU is a community that upholds the dignity and rights of each student and faculty.

# Gateway to Community

Broaden your view through interactions with people from different backgrounds.

## Campus Dormitories

Dormitories at ICU are where students foster respect for human rights and diversity, and learn to share responsibilities and duties inherent in communal living. All 10 on-campus dormitories are set in natural surroundings, and students can enjoy the changing seasons. They are conveniently located near facilities such as the University Hall, the dining hall and the library.

Approximately 900 students (30% of the student body) live in the dormitories. Japanese and non-Japanese students live together and are able to share their diverse social, linguistic, cultural and religious backgrounds and ways of thinking.

# Gateway to ICU

ICU welcomes students with diverse cultural backgrounds, regardless of race, nationality, religion or sexual orientation.

## Admissions

ICU admits students who can thrive academically and personally at ICU, in line with its goal to cultivate responsible global citizens. Applicants for English Language Based Admissions (April / September Entry) undergo a documentary screening process in English, including the submission of standardized test scores, such as SAT, ACT, or IB. No prior knowledge in Japanese is required to apply to ICU. Admissions decisions are based on a holistic review of applicants with the goal of identifying students who are able to thrive in a liberal arts environment.

\*Those who wish to study at ICU for one academic year but not from our exchange partner universities should apply for One-Year-Regular Student status through English Language Based Admissions (April / September Entry).

## Tuition and Fees

	Annually
Annually	¥1,431,000 (\$13,009) (€11,448)

\$1=¥110, €1=¥125

Matriculation Fee: Regular/Transfer students: ¥300,000  
One-Year-Regular/Kenkyusei: ¥150,000

The tuition fees only comprise 69% of the educational expenses ICU spends per student, and the rest is covered by endowment revenues and other resources.

## Financial Aid

Financing a college education is a major consideration for most students and families. ICU offers extensive opportunities for financial aid, including a range of scholarships for international students subject to their need and merit.

For example, with good academic standing, nearly 100% of international students who applied for tuition reduction scholarships were granted up to a one-third reduction of the annual tuition and facilities fees. The majority of ICU financial aid is awarded after enrollment, but the following two scholarships can be applied for together with the application for admissions to ICU.

ICU Peace Bell Scholarship: One million yen per year for four years (the standard length of time to graduate from ICU)  
ICU Torch Relay High Endeavor Scholarship: Covers matriculation fee, first term tuition and facilities fees (approx. 773,000 yen)
