【About Program and Area of Concentration】

Applicants for Master's Course must choose one Program and Area of Concentration at the time of application. Please consider which to choose carefully by checking the professor's specialization/courses offered / the degree conferred in each program. When considering which Programs / Areas to select, it is recommended that prospective applicants contact and consult with faculty whose field of specialization is related to their research plan or desired field of study because research guidance received from faculty is important in Graduate School.

【Notice to Applicants for the Natural Sciences Program】

Applicants for the Natural Sciences Program are recommended to confirm the research environment of the ICU facilities (e.g. ICU Open Campus). Before application, it is advised to thoroughly discuss the applicants' research plan with ICU faculty working in a related field and ask if ICU faculty can give research guidance after enrollment. To contact faculty members, send them an email or contact ICU GSG (gs-adm@icu.ac.jp).

2. KENKYUSEI (Special Students)

Kenkyusei are those who have already received a Master's degree or the equivalent and wish to take specified subjects or receive research instruction at the Graduate School of Arts and Sciences. (Refer to p.32)

II. Policies

1. Diploma Policy

Master's Course, Graduate School of Arts and Sciences

In the master's course, master's degrees are conferred upon persons who have taught and researched scholarship and its applications based on a foundation of general and specialized education at the undergraduate level; acquired the following in light of the educational and research purposes stipulated by each program; and completed the prescribed curriculum and passed both the thesis defense and the final examination.

1. Broad and deep scholarship
2. Ability to conduct research in the program area
3. Superior ability for assuming positions that require a high degree of specialization

Doctoral Course, Graduate School of Arts and Sciences

In the doctoral course, doctoral degrees are conferred upon persons who have thoroughly investigated the depths of theories of scholarship and their applications acquired in a master's course; acquired the following for contributing to the development of culture; and completed the prescribed curriculum and passed both the dissertation defense and the final examination.

1. Ability to independently conduct research as a researcher
2. High level of research ability necessary for engaging in specialized work and rich scholarship that serves as a foundation therefor

2. Curriculum Policy

Master's Course, Graduate School of Arts and Sciences

In light of the diploma policy, and in order to foster broad and deep scholarship across the humanities and sciences, the master's course designs its curriculum as follows.

Students take a total of 30 units as follows: at least 1 School-wide Interdisciplinary Course (2 units); at least 2 Foundation Courses (4 units) from their selected program; at least 4 Specialization Courses (8 units) from their selected area of concentration; at least 3 Research Courses (6 units) from their selected program; at least 3 courses (6 units) from among Foundation Courses, Specialization Courses, and Research Courses of their selected program/concentration; and at least 2 School of Arts & Sciences courses (4 units) as electives. In addition to taking courses, students receive research guidance and submit a master's thesis.

1. The master's course offers a curriculum that enables students to take a mix of courses for deepening specialization and cultivating rich scholarship.
2. The master's course offers graduate education that maintains specialization in foundation areas and allows development of a wide range of areas, including cutting-edge technology and new areas.
3. The master's course systematically designs foundation courses, advanced courses, and courses regarding research methods; develops abilities to write academic papers; and provides guidance regarding the master's thesis.
4. Students mainly take courses during the first year and write the master's thesis during the second year.
5. Research advisors note changes in advisees' academic performance each term and give appropriate advice in accordance with the situation so that advisees will fulfill graduation requirements.
6. Research advisors guide students in a manner that enables the students to determine and deepen research topics through individual seminars.

Doctoral Course, Graduate School of Arts and Sciences

In light of the diploma policy, the doctoral course aims to cultivate people who are equipped with both a high degree of specialization and an interdisciplinary perspective and designs its curriculum as follows.

1. In "Advanced Research" courses, faculty individually advise students through readings and discussions of text and discussions based on students' study plans.
2. Faculty provide appropriate guidance and advice regarding preparation of the Annual Study Report.
3. Faculty push students to delve into topics and data and engage in issues and research for increasing precision

- so that students can advance to doctoral candidacy.
4. Faculty provide research guidance for at least 3 academic terms following advancement to doctoral candidacy.
 5. Faculty provide guidance and advice regarding preparation of the Study Plan for Dissertation, taking into consideration the steps until the submission of the dissertation.
 6. Faculty provide appropriate guidance and advice regarding preparation of the Final Draft of a Doctoral Dissertation, taking students' circumstances into consideration.
 7. Faculty provide guidance and advice so that students in principle publish at least one paper related to their dissertation in an external academic journal before submission of the dissertation.
 8. Faculty provide guidance and advice regarding preparation of the dissertation, taking into consideration the points indicated during the evaluation of the final draft.

3. Admissions Policy

International Christian University (ICU) has as its principle “to serve God and humankind”; upholds three commitments: international, Christian, and academic; and puts into practice a liberal arts education that crosses academic boundaries.

In accordance with these three commitments, ICU Graduate School (GS) was established with the purpose of further development in both education and research through research in various fields based on academic knowledge cultivated at the undergraduate level. GS is seeking students equipped with independent research and problem-solving skills in addition to specialized knowledge in order to cultivate leaders with a high degree of specialization who will serve as a bridge between Japan and the world based on a bilingual Japanese and English education.

To accept such students, GS has an admissions system that enrolls students in April and September. By closely reviewing application materials submitted in either Japanese or English (document screening) and conducting thorough interviews, GS evaluates and judges applicants' academic qualities, aptitudes, interests, and enthusiasm from multiple angles.

Master's Course, Graduate School of Arts and Sciences Education and Psychology

The Education and Psychology (EP) program asks students to engage with past research and the doings of those who have come before them from all angles; consolidate their own awareness of issues; and think matters through without easily coming to conclusions. EP accepts students who engage in the quest for and application of knowledge in an interdisciplinary manner; maintain a multifaceted point of view; acquire solid and rich specialized knowledge; and have the motivation to contribute to society through creative proposals. This program aims to cultivate students who respect the awareness of issues of various individuals and who spare no effort to complete unique research that only they can conduct.

Public Policy and Social Research

• Master of Arts in Public Administration

The Public Administration in the Politics and International Studies concentration seeks students who are intellectually flexible and not rigidly bound by existing academic frameworks and have high motivation to pursue their own academic field while holding diverse perspectives. Since many of the courses are conducted in advanced academic English, the Public Administration seeks students who have enough English capability.

• Master of Arts in International Relations

The International Relations in the Politics and International Studies concentration seeks students with good analytical skills and preferably a basic understanding of international relations theory and/or related social science disciplines. The International Relations field expects applicants who can conduct research in an area of international relations under the guidance of a diverse and international faculty with English as the main language of instruction. Furthermore, we seek students who can develop a broader outlook on contemporary global issues given an opportunity to take part in stimulating discussions with faculty and students from different nationalities and cultural backgrounds.

•Master of Arts in Social and Cultural Analysis

The Social and Cultural Analysis concentration seeks students who wish to pursue research in the field of sociology or cultural anthropology. Since many classes are offered in English, students are expected to have a high level of proficiency in English. We seek students who wish to deepen their specialized research through stimulating discussions with internationally-minded professors and engaged students from all over the world.

•Master of Arts in Media and Language

The Media and Language concentration seeks students who possess the basic academic knowledge and abilities required for advanced specialized research in media and language, who strive to pursue their specialized research from multiple angles without being constrained by existing disciplinary boundaries. We also seek students eager to challenge misunderstandings and prejudices that occur amidst diverse values around the world from a global perspective. Since many courses are offered in English, we seek students who have a high level of proficiency in English and can improve themselves through interactions with students and faculty of diverse backgrounds from Japan and abroad.

•Master of Arts in Public Economics

The admissions process aims to select diverse and dynamic students who demonstrate high academic potential and a strong interest in business and economics.

•Master of Arts in Peace Studies

The Peace Studies concentration seeks students with an interest in peace studies seek to work for international, governmental and non-governmental organizations. This concentration offers many courses in English and aims to improve communication skills using English in lively, multicultural discussions on key global issues relating to peace, conflict and development. Therefore, effective English language skills are required and a background in related social science disciplines such as international relations, law, development or politics is highly desirable. Students are expected to have high quality analytical skills and be able to conduct empirical research under the supervision of their advisor.

Comparative Culture

The Comparative Culture (CC) program is seeking students who can compare and test existing cultural research in diverse fields from a broad point of view and who can independently deepen their learning and research by crossing existing boundaries such as citizenship and culture. CC cultivates people who elevate the learning obtained via the program to a deep understanding of humankind and who fill leadership roles equipped with both foresight regarding the future of humankind and ethics through the unification of a liberal arts spirit and a high level of training in the humanities.

Natural Sciences

The Natural Sciences (NS) program actualizes a superior natural science research environment by taking advantage of the characteristics of small group education and through close communication between faculty and students. In addition, by opening the doors to various graduate schools conducting cutting-edge natural science research and providing an optimal research environment through cooperative relationships with universities and research institutes in Japan and abroad, NS enables students to foster specialized abilities as well as practical English abilities. This program is seeking students who do not stop at attainment of specialized knowledge and skills; who acquire a high level of communication skills; and who try to explore paths in the direction of natural science research through involvement with society and with the possibility of making diverse contributions to society.

Doctoral Course, Graduate School of Arts and Sciences

In order to cultivate leaders with an even higher degree of specialization based on a bilingual Japanese and English education, GS's doctoral course is seeking students who are equipped with independent research and problem-solving abilities; independently conduct research as a researcher; have motivation to acquire the rich scholarship that serves

as a foundation therefor; actively participate in scholarly activities off campus, such as conferences; and who spare no effort as a researcher.

III. About the ICU Graduate School

1. ACCREDITATION

The academic programs of the ICU Graduate School are accredited by the Japanese Ministry of Education, Culture, Sports, Science and Technology. ICU is a member of the Japanese University Accreditation Association. Credits earned at ICU are fully recognized in Japan and elsewhere.

2. ACADEMIC YEAR

The academic year is divided into trimesters of approximately eleven weeks each. Students register and complete courses in each term. The spring term runs from early April to the end of August, the autumn term from early September to the end of November, and the winter term from early December to the end of March. Summer vacation: July and August.

3. CLASSES

A class period lasts 75 minutes. The number of academic units assigned to a course corresponds to the number of class periods per week, with the exception of laboratory hours. A list of graduate school courses is downloadable from (<https://campus.icu.ac.jp/public/ehandbook/CourseList.aspx?lang=E>). After selecting “Graduate School Courses” from the left category and a program from the top category, a list of courses for each program will be shown. Each course is offered every year or every other year.

Course offerings for each academic year are updated every February in the Website below, with the course schedule, instructor, language of instruction, and syllabus.

(URL: <https://campus.icu.ac.jp/public/ehandbook/SearchCourseAndSyllabus.aspx>)

4. LANGUAGE OF INSTRUCTION

The language of instruction is either Japanese or English. Students have an option to take one of the Japanese Language Programs courses (JLP) at ICU after entrance (refer to P39).

5. Auditors

For information about auditors, please inquire at the Educational Affairs Group (ea-group@icu.ac.jp).

6. IB Teacher Advanced Certification Program

IB Teacher Advanced Certification Program is a certification program in ICU which is corresponding to 'IB advanced certificate in teaching and learning research (ACTLR)' for the International Baccalaureate (IB) targeted for those who have teaching experience in IB World Schools. Those who wish to participate in this program must be accepted and enrolled in the master's course of ICU Graduate School as regular student. When the participants meet the requirements (such as the completion of the required courses, submission of master's thesis with a research theme related to IB, and conferral of the master's degree) and complete the program, they are eligible to apply for the IB Advanced Certificate in Teaching and Learning Research (ACTLR) certified by International Baccalaureate Organization (IBO).

Those who wish to participate in 'IB Teacher Certification Program,' which is corresponding to 'IB certificate in teaching and learning (CTL),' are not required to submit any additional documents other than the application documents required for the master's course regular student. However, please note that it is prerequisite for those who wish to participate in this program to acquire a national teacher certificate by the end of the master's course. Furthermore, for those who do not have a teacher certificate or an equivalent qualification, it would be almost impossible to obtain enough credits for the Japanese national teacher certificate in two years, which is the standard study period of the master's course of ICU. (Additionally, almost native-level of Japanese language capability is required in order to obtain the Japanese national teacher certificate.)

i. Eligibility

Applicants must fulfill a), b), and c).

- (a) Those who fulfill one of the eligibility conditions of Master's course regular students (specified on p.13). However, those need to have already graduated from the schools stated in the respective items of the conditions (prospective graduation is not eligible).
- (b) Those who have / are expected to have the teaching experience for more than three years in total* as teaching staff in IB World Schools by March 31, 2026 (for April Admission) or by August 31, 2026 (for September Admission).
*The period of leave cannot be included in the total year of experience. However, the period of teaching as part-time teacher can be included in the total year of experience.
- (c) Those who have a teaching certificate or an equivalent qualification in Japan or in another country.

ii. Procedures

Follow the procedures for Master's Course Regular Students (Refer to p.14). For details of the steps to follow, see p.8.

iii. Required Documents

- Submit your application documents by following the instructions below during the designated period.
- All forms are available on ICU website <https://www.icu.ac.jp/en/admissions/gs/exam/>
(See "Admissions Handbook / Designated Forms").
- ICU GSG will not accept any submission of Application documents by hand.
- Application will not be accepted if applicants fail to submit any of the required documents.
- Application documents will not be returned / cannot be changed once they are submitted.

C. Master's Course KENKYUSEI (Special Student)

Kenkyusei are those who have already received a Master's degree or have the equivalent ability and wish to take specified subjects or receive research instruction in the Graduate School of Arts and Sciences. Application eligibility is the same as that of Doctoral Course Regular Students (see p.25).

Admission periods correspond with those of regular students. The period of attendance is one year in principle, but renewal is permitted by the President when students wish to continue studying as *Kenkyusei*.

Transcripts for the courses are available upon request.

Kenkyusei status does not entitle students to privileges such as dormitory residence or a student-rate commuter ticket for public transportation in Japan. Also Kenkyusei with the status of residence "Student" are required to register the courses equivalent to more than 10 hours per week.

Admission as a *kenkyusei* is decided based on a document screening. Students must have sufficient skills in both Japanese and English (reading, writing, listening and speaking) to fully understand research instruction and lectures offered at the Graduate School.

1. Admission Screening and Schedule

Document screening only. Follow the Admissions Schedule on p.7.

2. Procedures

Follow the procedures for Master's Course Regular Students (Refer to p.14). For details of the steps to follow, see p.8.

3. Required Documents

- Submit your application documents by following the instructions below during the designated period.
- All forms are available on ICU website <https://www.icu.ac.jp/en/admissions/gs/exam/> (click "Admissions Handbook / Designated Forms").

D. Common Information

1. Supplemental Information Regarding Application Documents for Submission

- (1) When an institution from which the applicant graduated / expected to graduate does not issue the transcript and/or (prospective) graduation certificate (+ degree certificate if necessary) in English, applicants need to submit the following A), B), and C) via trackable post mailing service :
- A) Original document/certificate in the original language
 - B) English translation of A) (The document may be translated by the applicant)
 - C) Applicable notarized document issued by respective Embassy officials or the public notary office (applicants should make arrangements of the document translation notarization by submitting A) and B) to the embassy or the notary office.)

Applicants for “IB Teacher Advanced Certification Program” must follow this instruction as well when the documents required for them are written in a language other than Japanese or English.

- (2) Transcripts and certificates must be submitted in “sealed” envelop without opening. “Sealed” documents means the issuing organization encloses documents in an envelope, glues the flap closed and affixes their seal or stamp. Transcripts and graduation certificates must be submitted in this “sealed” condition. Documents will be deemed invalid if they are:
- not enclosed in an envelope
 - enclosed in an unsealed / opened envelope
 - enclosed in an envelope and sealed not by the issuing organization but by applicants

[When the school does not send the official Transcript / (Prospective) Graduation Certificate / Degree Certificate in English directly to ICU Graduate School, submission of certificates via the following digital certificate platforms is accepted.]

- CHSI (CSSD)
- My eQuals
- Parchment

For platforms not listed above, contact the Graduate School Group.

- (3) In case that the school does not reissue an official copy of transcripts and graduation certificate, and applicant has the only copy of them, please contact ICU Graduate School Group in advance.
- (4) If the name on the applicant’s certificates differs from the applicant’s current name due to marriage or any other reasons, an official document (copy of family register, etc.) to certify that bearers of both names are the same person should be attached.
- (5) Applicants who have transferred from one institution (university, college, technical college, vocational school etc.) to another (university) to acquire a Bachelor’s/ Master’s degree, transcripts from all previous schools must be submitted (must be sent from the schools directly to ICU Graduate School).
- (6) Applicants who currently reside in a graduate school must submit a verification of withdrawal immediately after the enrollment in ICU.
- (7) Refer to “FAQ” on ICU website <https://www.icu.ac.jp/en/admissions/gs/faq/>.

2. Payment Methods for Application Fees

Application fee for applicants for Regular Student: JPY35,000

Application fee for applicants for *Kenkyusei*: JPY22,000

Payment must be completed by 17:00 (Japan Standard Time) of the last day of Application Period. We do not accept any delays.

Payment Method	Credit Card (Card holder's name does not need to match the applicant's name) VISA, Master, JCB, AMERICAN EXPRESS
Important Notes	<ol style="list-style-type: none">1. In addition to the application fee, an administrative fee will be charged (Regular students JPY1,005, <i>Kenkyusei</i> JPY762).2. Application will not be completed until the payment has been made. Make sure to make the payment well in advance of the deadline.3. Once the application fee and administrative fee are paid, they are not refundable for any reason.4. Even if the payment of necessary fees is made within the application period, ICU will not accept the application when other procedures (online entry and submission of application documents by postal mail) are not completed within the deadline for each step.

3. Requesting Official Scores of the English Proficiency Test (TOEIC)

The scores of TOEIC must be sent directly from the test-conducting institution to ICU Graduate School by following instructions below (scores for test(s) taken more than two years before the application end date are deemed invalid). It is strongly recommended to request for score delivery 2 months in advance of application period as it may take time.

Input the test date and the date the applicants made request on the designated section of application form.

Where to Request for Official Scores

TOEIC (Test of English for International Communication)

As for TOEIC taken within Japan, request the Institute for International Business Communication, the institution conducting TOEIC test, to send applicant's Official Score Certificate of TOEIC Listening & Reading Test directly to ICU Graduate School. See TOEIC website "TOEIC Listening & Reading Test Official Score Direct Reporting Service Guidelines" (<http://www.iibc-global.org/toEIC/test/lr/guide04/score/>) for details.

Please use the following address when making direct delivery request:

- Institution Name: International Christian University
- Mailing Address: 3-10-2, Osawa, Mitaka, Tokyo 181-8585
- Attention: Graduate School Group

If applicants have questions about sending TOEIC scores directly to ICU from test institutions, contact "The Institute for International Business Communication, IIBC Test Operation Center, TOEIC L&R Score Direct Reporting Service"

As for TOEIC taken outside Japan, scores may not be able to be sent directly to ICU Graduate School. Please inquire of the test-conducting institution where you took TOEIC. Choose TOEFL or IELTS scores for application if they cannot send your scores directly to ICU Graduate School.

Procedures for "Score Confirmation Service in Secure Program"

We accept online submissions of TOEIC Score through the "Score Confirmation Service in Secure Program" provided by IIBC (the Institute for International Business Communication). This service is only available for applicants who have taken TOEIC in Japan. See TOEIC website "Score Confirmation Service in Secure Program" (<https://www.iibc-global.org/english/toEIC/test/lr/guide05/score2.html>) for details.

Name: ICU GRADUATE SCHOOL

Codes: 00011102

(NOTE) Institutional testing program including TOEIC IP will NOT be accepted.

4. Applications from Foreign Nationals

Applicants of foreign nationality who do not have a valid mid- to long-term residence status ('Student,' 'Permanent Resident,' etc., 'Temporary Visitor' is not eligible) by the time of enrolment cannot apply for the April admission Spring selection. Apply for either April admission Autumn selection or September admission selection.

Please read the following points carefully before application:

- 1) Submit a copy of applicants' passport (all pages describing personal information) and residence card (required only for residents in Japan, front and back side) .
- 2) Prospective applicants should obtain the information necessary to obtain a passport from the relevant office of their own government. It takes some time for the passport to be issued, which varies from country to country. It is important that the applicant's passport be valid at all times.
- 3) All non-Japanese students of any student status, except that of auditor are normally required to apply for "Student" visa ("Ryugaku" visa in Japanese). The procedure to apply for "Student" visa is introduced in the "ENTRANCE PROCEDURES GUIDE". ICU on behalf of the student, proceeds with visa application by applying to Immigration Services Agency of Japan for the official document "Certificate of Eligibility for Status of Residence (*Zairyū Shikaku Nintei Shōmeisho*)" (CoE). After the university receives the CoE, the certificate will be sent to the admitted applicants, who then submit it to the nearest Japanese Embassy or Consulate to apply for the "Student" visa, which is usually issued in several days.

After admitted, applicants who complete the entrance procedures (payment of school fees and submission of required documents), ICU applies for CoE as stated in above. The deadline for applying for CoE is Nov. 18 (Tue), 2025 for April entrants through Autumn Selection and May. 29 (Mon), 2026 for September entrants. Note that the CoE application deadline for September entrants is set earlier than that of other entrance procedures due to this process. See also "Entrance Procedure" section (p.19 or p.31) for more information.

The CoE application deadlines are shortly after the notification date, and some required documents may take several weeks to prepare. In order to succeed in smooth procedure, we recommend applicants to prepare the following documents well in advance.

– Passport

As stated above 2). We recommend that you have a passport by the time you apply for ICU.

– Referential Document for Financial Resources

Those who apply for a student visa must present the proof that they have enough funds to cover all expected living expenses during their study to the Japanese Government (excluding Tuition/Facilities fee while studying at ICU). Students are required to provide ICU with concrete proof of available financial resources. This is a particularly important factor when the Ministry of Justice examines your financial stability as part of its visa procedures for authorizing your Certificate of Eligibility (CoE).

The minimum amount is 100,000JPY per month, in other words, the amount of the balance must exceed 1,200,000JPY (100,000JPY x 12 months).

Please refer to ICU official school website (<https://www.icu.ac.jp/en/>) for getting an idea of the approximate annual amount needed for studying at ICU.

Financial supporting documents should be provided in one of the following forms (Copies are NOT acceptable).

Please see the below samples. Currency on referential documents may be other than JPY or USD if it is difficult to obtain such documentation.

- An original letter on official bank letterhead showing your or sponsor's name as an account holder and the amount of funds available, with bank's official stamp or a signature of a bank official. The stamp and signature must be original.
- A recent bank statement showing your or sponsor's name as an account holder and the amount of funds available, with bank's official stamp or a signature of a bank official. The stamp and signature must be original.
- An original letter on official sponsoring organization's letterhead, including your name, the amount of the award available to you, and the period when you will be eligible to receive the funds, with organization's official stamp or a signature from the sponsor. The stamp and signature must be original.

4) Students are able to take Japanese Language Program (JLP) at ICU after entrance. JLP course grades will appear on your transcript, but the credits earned do not count as necessary credits to acquire Master's / Ph.D. degree. ICU graduate school students who wish to take JLP courses must take the JLP placement test in March (those who wish to take JLP in the spring term) or in August (those who wish to take JLP in the autumn term and/or winter term).

(Note 1) JPY150,000 for graduates of ICU CLA.

(Note 2) ICU Master's course graduates will be exempted from this fee unless more than 5 years have passed after graduation.

(Note 3) When doctoral course students register more than three years and have already acquired doctoral candidacy, students will benefit from a reduction in tuition/facility/readmission fees under certain conditions. Details will be explained after enrollment.

(Note 4) Matriculation fee for *Kenkyusei* is half that for regular students. *Kenkyusei* who are permitted to extend their stay at ICU for one more year will be required to pay a supplementary admission fee, which will be 1/4 of the matriculation fee for the applicable annual year. Tuition and Facilities fees for *Kenkyusei* are the same as Master's course regular students.

*Once enrolled at ICU, tuition/facility fees are paid through automatic bank payment system.

6. Japanese Government (Monbukagakusho: MEXT) Scholars

When applicants study at a university in Japan as a MEXT scholar at the time of application and are accepted by ICU Graduate School, Monbukagakusho may not offer a scholarship to study at ICU if applicants fail to apply for MEXT Scholarship extension by the deadline and/or when applicants did not list "ICU" as one of the desired schools on the application form. Also Monbukagakusho may reject the applicants' extension application. Be sure to confirm scholarship extension details with staff in charge of MEXT Scholarship at the applicants' home university before application for ICU.

MEXT scholars who currently study at a university in Japan through "University Recommendation (大学推薦 / *Daigaku Suisen*)" will lose the scholarship when they enroll in the ICU Graduate School.

7. Applicants Who Need Reasonable Accommodation in Admissions

ICU Graduate School will provide reasonable accommodation for applicants with disabilities based on ICU's Basic Policy for Students with Disabilities. Applicants in need of reasonable accommodation for admissions need to submit a form and a medical certificate following the instructions below. After consideration, ICU Graduate School will take relevant measures according to their needs.

How to Apply:

Contact ICU GSG before submitting the application form.

Fill in the application form and send it by postal mail to ICU GSG along with a medical certificate.

*Downloadable form is available on ICU website <https://www.icu.ac.jp/en/admissions/gs/measure/>.

Application Deadline:

April Admission Autumn Selection: Monday, June 30, 2025

April Admission Spring Selection: Friday, October 17, 2025

September Admission: Friday, January 9, 2026

8. Scholarship System (for Regular Students)

ICU offers a variety of scholarships for graduate students who are eager to study but have difficulty financing their tuition. Refer to the Websites below for details of each scholarship.

○ **ICU Torch Relay Graduate School Scholarship for New Students (limited to students in the master's program)**

This scholarship program provides assistance to prospective students who have a strong desire to study at ICU Graduate School but are in need of financial support prior to and after matriculation. There are no repayment obligations, and awardees are exempted from payment of one-third of the annual tuition and facilities fee due in their first year at ICU Graduate School. Students applying for the master's course of the Graduate School are eligible to apply.

Those who perform especially well academically will be exempted all or 2/3 of the annual tuition (limited to several students).

Applications for this scholarship will be accepted only during the application period for admission to the Graduate School master's program. Those seeking this scholarship should read the Application Guidelines on the website below very carefully and submit the required documents via the designated scholarship application form:
