PREFACE

Admissions Policy: What ICU Looks For

Founded on the principles of the Universal Declaration of Human Rights, International Christian University (ICU) aims to cultivate "responsible global citizens" who will contribute to world peace and to help people from diverse backgrounds live together harmoniously. ICU has been a trailblazer in liberal arts education in Japan since its founding in 1953, pursuing, as its name suggests, international, Christian, and academic missions. In order to realize this vision and meet the challenges in the global community, ICU seeks students from Japan and around the world who possess - and want to enhance - the following qualities

- 1. Intellectual curiosity and creativity transcending disciplinary boundaries**
- 2. Sound judgment and the ability to think logically and critically**
- 3. Global communication skills necessary for dialogue with people from diverse cultural backgrounds**
- 4. The initiative and motivation needed to identify, solve, and engage with real world problems**

In Admissions, we look for students who have studied broadly, whether in Japan or in other parts of the world and whether in the arts or in the sciences. We look for students who have the ability to integrate basic knowledge from various subjects so that their understanding forms the basis of taking action, and who also have the ability to communicate in foreign languages.

ICU's College of Liberal Arts offers a variety of admissions and assessment procedures in order to admit diverse students with the potential to change both themselves and the world.

WHO THIS ADMISSIONS GUIDE IS INTENDED FOR

For Transfer Applicants Who Already Have Sufficient English Language Proficiency and Wish to Develop Japanese Language Skills After Enrollment

In this admission route, hereafter referred to “ELBA (or English Language Based Admissions)”, the entire process is conducted in English. Therefore, having sufficient English language proficiency to take university-level courses in English is a prerequisite.

Below are the minimum requirements for demonstrating this proficiency.

■ Minimum Requirements:

IELTS	TOEFL iBT	
	Tests taken before January 20, 2026	Tests taken on or after January 21, 2026
6.5	79	4.5

Notes:

- ☑ For TOEFL iBT, only single test date scores are considered; MyBest™ scores are not accepted.
- ☑ Submission of these scores is required unless applicants meet the criteria for exemption.
See “[Exemption Criteria](#)” for details.
- ☑ The minimum score requirements are scheduled to be raised starting with the 2028 admissions cycle.
For details, please refer to <https://www.icu.ac.jp/en/admissions/undergraduate/images/27ELBA.pdf>.

No Japanese language proficiency is required at the time of application; however, students admitted via the ELBA route must complete the [Japanese Language Program \(JLP\)](#) as part of graduation requirements.

The length of the JLP depends on the student's proficiency of the Japanese language at the time of enrollment. For beginners, it may take up to 6 terms (2 years) to complete. This is a part of ICU's commitment to [Japanese-English bilingual education](#).

Students cannot graduate by only taking courses offered in English or only in Japanese.

Language Program After Enrollment

The required language program after enrollment is determined according to the admissions route selected.

English Language Based Admissions
(April / September Entry)

Other admissions conducted in Japanese
such as General Admissions, Holistic Admissions
<April Entry> Foreign Education Systems, etc.

Japanese Language Program (JLP)

English for Liberal Arts Program (ELA)

**For Holistic Admissions (Foreign Education Systems), exceptions may apply depending on English proficiency.*

⚠ Important Notes: ELBA is NOT ELA

- ☑ **English Proficiency of ELBA Admits:**
Once you are admitted through the **English Language Based Admissions (ELBA)** process, you are considered to be proficient enough in English.
In such cases, **ELA (English for Liberal Arts Program)** classes are not required in principle.
- ☑ **Purpose and Target Students of the ELA Program:**
As a language program designed to help students acquire English language proficiency and critical thinking skills, **ELA is primarily for those who enter ICU through the [admissions conducted in Japanese](#).**
**Once enrolled, there is no curriculum distinction by admissions routes besides the JLP or ELA requirements.*

 → [For Regular Students](#) → [For Non-Degree-Seeking Students](#)

**Degree-seeking students (i.e., Regular and Transfer Students) are not permitted to hold concurrent enrollment at another institution while enrolled in ICU. Students must officially withdraw from or complete their studies at their previous institution prior to enrollment in ICU.*

APPLICATION OVERVIEW

1. Number of Students Admitted

Approximately 100 students are expected through this English Language Based Admissions (ELBA) route as a whole. This total includes both Regular (*First-Year*) and Transfer (*Second-Year*) students, as well as those for April and September intakes.

ELBA Admissions Results for AY2026 (*Reported by Entry Term for Reference*)

The following data presents application and admission outcomes for the English Language Based Admissions (ELBA) for Academic Year 2026 intakes, organized by entry term (April or September):

■ April 2026 Entry:

<i>Student Category</i>	<i>Applied</i>	<i>Admitted</i>

- ☑ All applicants are evaluated under the same admissions policy and academic standards, and qualified applicants who meet the required standards are offered admission regardless of entry term, without being strictly constrained by a fixed quota for each term.
- ☑ There is no advantage or disadvantage in applying for April or September entry.

2. Eligibility Criteria for Transfer (Second-Year) Students

Transfer Students are students who matriculate as second-year students to seek a bachelor's degree.

**Transfer Students must complete a minimum of three years at ICU. Transfer credits are granted only after enrollment and completion of the prescribed credit transfer procedures, subject to approval. Details can be found [here](#).*

■ **Applicants must meet both sets of criteria described below.**

First, applicants must meet any of the following (1) through (6) criteria:

- (1) Have completed 12 years of formal education in Japanese schools accredited by the Ministry of Education, Culture, Sports, Science and Technology
- (2) Have completed 12 years or more of formal education outside of Japan
- (3) Have an International Baccalaureate Full Diploma, French Baccalauréat, European Baccalaureate, Abitur, or GCE Advanced Levels
- (4) Have graduated from an officially accredited international/foreign school in Japan
- (5) Have passed an examination demonstrating academic ability equivalent to 12 years of formal education, such as the GED (General Educational Development) test or the Upper Secondary School Equivalency Examination, and be at least 18 years of age
- (6) Have completed 11 years or more of formal education in which the high school curriculum is based on the system of Uzbekistan, Sudan, Belarus, Peru, Russia, Myanmar, Ukraine, or Kazakhstan.

Plus, applicants must meet either the following (7) or (8) by the time of enrollment at ICU:

- (7) Have completed at least one academic year of a bachelor's degree program as a degree-seeking student (excluding the period of leave of absence, if any)
- (8) Have completed an associate degree at an institution of higher education (university/college)

Notes:

- ☑ **For items (1) & (2):** "12 years (or more) of formal education" does not refer to the total number of years of schooling alone, but to the completion of the final year of a formal 12-year (or higher) curriculum within Japanese or a foreign educational system.
- ☑ **Item (6)** applies only to the listed countries, whose 11-year education systems are officially recognized by the Ministry of Education, Culture, Sports, Science and Technology in Japan (MEXT) as equivalent to the Japanese high school curriculum.

Attention

Mandatory Educational System-Specific Requirements:

Applicants applying through ELBA must not only meet the general eligibility criteria above but must also fulfill the **Admissions Requirements by Educational System**. These requirements define system-specific mandatory credentials, as well as required courses or examinations. Examples include:

- ☐ Canada – Provincial Senior Secondary Diploma with completion of designated courses
- ☐ China - High School Diploma with Huikao and Gaokao
- ☐ Korea - High School Diploma with CSAT
- ☐ New Zealand - NCEA Level 3 with University Entrance (UE) etc.

Failure to meet these requirements will result in ineligibility, regardless of general eligibility status.

For further details, be sure to review pages 6 to 11 carefully.

Does any of the following apply to you? (Eligibility Check Form required)

If any of the following applies to you, please submit the **Eligibility Check Form** by the designated deadline:

- ☐ I left my university or college more than five years ago.
- ☐ I couldn't find my educational system in the list on pages 6 to 11.

Deadlines (Please submit the Eligibility Check Form well in advance of the deadline):

For September 2027 Entry:	23:59 (JST) on November 13, 2026

Notes:

- Review may take more than one week depending on circumstances and may be delayed during extended holidays or active selection periods. The University may temporarily suspend acceptance of the form if inquiries exceed capacity.
- You may proceed with the online application without completing the Eligibility Check or waiting for a response; however, your application may be deemed ineligible and not accepted after review of your application materials.

3. Admissions Requirements by Educational System

- ☑ Applicants applying through English Language Based Admissions (ELBA) must not only meet the general eligibility criteria but must also fulfill the **Admissions Requirements by Educational System**.
- ☑ These requirements define system-specific mandatory credentials, as well as required courses or examinations applicable to each educational system.
- ☑ Failure to meet these requirements will result in ineligibility, regardless of general eligibility status, unless the applicants already hold a bachelor's degree at the time of application.

For Bachelor's Degree Holders (if applicable):

Applicants who already hold a bachelor's degree and seek admission as undergraduate transfer students are exempt from the *Admissions Requirements by Educational System*. All other applicants must submit the *Required Documents by Educational System*.

- ☑ In ELBA, applicants are required to apply under either **Type A** or **Type B** based on their educational background. Applicants may apply under only one application type, and each type corresponds to a distinct selection process:

Type A:	Applicants who meet any of the following criteria <u>must</u> apply under Type A: (1) Hold a Japanese or U.S. high school diploma from an officially accredited school; or (2) Hold an International Baccalaureate (IB) Full Diploma or UK GCE A Levels
Type B:	Applicants who do not meet the Type A criteria but have completed senior secondary education with qualifications for university entrance in their respective educational system must apply under Type B.

- ☑ Applicants who have completed one or more academic years of a bachelor's degree program at the time of application are exempt from the Type A or Type B requirements (See page 12).
- ☑ The sections beginning on the following page present the *Admissions Requirements* separately for Type A and Type B, organized by educational system.

**The requirements described in the following sections are subject to change without prior notices in the event of reforms in the respective educational systems.*

Application Type and Corresponding Selection Process (Overview)

The following flowchart outlines the application type classification (Type A or Type B) and the corresponding selection process. Please note that meeting the application type criteria does not replace the general eligibility criteria or the admissions requirements by educational system.

→ Refer to pages 12 through 13 for further details of the selection process.

■ For Type A Systems:

Applicants who have completed the Japanese or U.S.-based high school system, IB Diploma Programme or UK GCE A Levels fall under the Type A category.

Applicants who have completed a Japanese or U.S.-based high school curriculum must submit either "SAT" or "ACT Plus Science and Writing" unless they meet the exemption criteria described on page 12. Alternative test scores are not accepted.

These applicants are required to apply under Type A, which is assessed solely through documentary screening and does not include an interview. Such applicants are not eligible to apply under Type B, regardless of whether SAT or ACT scores are submitted.

**Please refer to pages 23 to 24 for detailed instructions on how to arrange submission of official SAT or ACT score reports.*

☒ **Minimum A Level Requirements (At Least Two A Levels):**

Of the five passes, two must be at A Level. Foreign language subjects (or subjects taken for language acquisition) will not be counted toward this requirement if they teach the applicant's first language or a language used at home.

**For example, a native Japanese speaker taking A Level Japanese must present two additional A Levels other than Japanese to meet this requirement.*

Submission of SAT or ACT Scores (Optional)

Submission of "SAT" or "ACT Plus Science and Writing" scores is not required for IB Full Diploma or UK GCE A Levels holders. However, applicants who hold valid SAT or ACT scores taken within the past five years may submit them if they wish to use these scores as a primary reference rather than IB or A Level grades.

Important Notes:

- ☒ Submission of SAT or ACT scores does not replace the required IB or A Level results.
- ☒ Applicants applying under these qualifications are assessed under Type A, in which selection is conducted solely by documentary screening, without an interview.

**Please refer to pages 23 to 24 for detailed instructions on how to arrange submission of official SAT or ACT score reports.*

Please note, however, that submission of SAT or ACT scores does not replace the required credentials and course or examination requirements listed above.

**Please refer to pages 23 to 24 for detailed instructions on how to arrange submission of official SAT or ACT score reports.*

❖ FAQ:

Q. Can I use my SAT or ACT scores instead of the required university entrance qualifications in my country (e.g., Huikao and Gaokao in China, CSAT in Korea, and NCEA Level 3 with University Entrance in New Zealand)?

A. **No.** Applicants are required to submit all qualification documents specified in *the Admissions Requirements by Educational System*, regardless of whether SAT or ACT scores are submitted. Submission of SAT or ACT scores does not replace the prescribed national or system-specific university entrance qualifications.

4. Screening Process

- ☑ The screening process is conducted in accordance with ICU admissions policies and regulations, which are grounded in Japanese national educational requirements.
- ☑ All required application documents are used to ensure a fair and accurate assessment.
- ☑ Omissions of any of the required documents may adversely affect the admission decisions.
- ☑ In English Language Based Admissions (ELBA), applicants will proceed to either Type A or Type B based on their educational background unless they meet the following condition:

Condition: If you have completed one or more academic years of bachelor's degree program at the time of application...

→ You will be assessed outside of Type A and Type B categories.

You are generally exempt from the online interview and are not required to submit SAT or ACT scores.

**You must still submit the Required Documents by Educational System (incl. IB Full Diploma, U.K. GCE A Levels, etc.) unless you have already obtained a bachelor's degree at the time of transfer application (See pp.6-11).*

**An online interview may be required if deemed necessary by ICU.*

Criteria for Type A and Type B Applications:

**Meeting the application type criteria does not replace the general eligibility criteria (p.5) or the system-specific admissions requirements (pp.6-11).*

⚠ Important Notes:

- ☑ **Applicants from the Japanese or U.S. educational system:**
Applicants who graduate from Japanese or U.S.-based educational systems must apply under Type A. Such applicants are not eligible to apply under Type B, regardless of whether SAT or ACT scores are submitted.
- ☑ **Only IB Full Diploma is accepted (IB Course Certificates or IBCP Certificate is NOT)**
Applicants who hold only IB Course Certificates, or who completed IB courses without obtaining the IB Full Diploma, are not eligible to apply under either Type A or Type B, unless they possess other valid qualifications recognized by ICU. Likewise, the IB Career-related Programme (IBCP) Certificate is not accepted.
- ☑ **Applicants from the U.K. educational system (UK GCE A Level, including International A Levels)**
Applicants from the U.K. system must apply under Type A and may not apply under Type B. Such applicants must have passed at least two A Level subjects. Further details can be found on page 8.
- ☑ **Applicants from high schools with multiple accreditations:**
If an applicant's high school holds multiple accreditations and the applicant's educational background allows eligibility under either Type A or Type B, the applicant may choose one application type. However, applicants may not apply under both Type A and Type B simultaneously.
**Example: A Canadian school (Type B) offering a dual program that also awards a U.S. High School Diploma (Type A).*
- ☑ **Applicants who have passed recognized Japanese or U.S. high school equivalency examinations:**
Applicants who have passed any of the examinations listed below are regarded as having qualifications equivalent to a Japanese or U.S. high school diploma:
 - Japanese "Upper Secondary School Equivalency Examination (高等学校卒業程度認定試験)"
 - Japanese "University Entrance Qualification Examination (大学入学資格検定)"
 - U.S. GED (General Educational Development)
 - U.S. HiSET (High School Equivalency Test)

(Continuing from the preceding section, 4. Screening Process)

- ☑ Admission decisions are made holistically, and all components are given equal consideration, including academic transcripts, application essays, and letters of recommendation, as well as standardized test scores (for Type A applicants) or the online interview (for Type B applicants).

Process Overview (from Application to Results):

1. Check your eligibility and detailed requirements

Visit the following links to see if you are eligible to apply. Details differ by educational system.

→ [Eligibility Criteria](#) (p.4)

→ [Admissions Requirements by Educational System](#) (pp.6-11)

2. Know your application schedule and deadline

There are three application periods per year: One is for April entry and two are for September entry. Applicants must choose one period, as they are not allowed to apply more than once per year. **Whoever wishes to reapply must wait at least one year.** **Type B applicants may not apply in the first application period for September entry.*

→ [Application Schedule](#) (p.14)

3. Prepare required application documents

Start arranging documents with your school and testing institutions well in advance.

→ [Application Documents](#) (p. 15)

**Steps 4 through 6 must be completed within the designated timeframe (Check “Application Schedule” on page 14).*

4. Complete the online data entry once the application period starts

Register your information in the Online Application System (OAS) once the application period starts.

→ [ICU Online Application System \(OAS\)](#)

5. Pay the application fee

30,000 yen for Transfer (Second-Year) Students.

**In addition to the application fee, an 880 yen system operation fee will be charged. Please note that, once paid, the application fee (and the system operation fee) will not be refunded under any circumstances.*

6. Upload all required application documents in PDF format

Once you complete the data entry and application fee payment, you may upload the necessary files on your application portal (OAS MyPage). **Be sure to upload the required items by the application period deadline.** Some documents must be uploaded by your recommenders. To do this, it is necessary that you register the teachers in OAS in advance and send them a request for uploading the required items.

→ [For Recommenders](#)

→ [Forms to Download](#)

7. Have the submitted documents reviewed (All applicants)

Have an online interview on a designated date and time (Type B applicants only)

Type B applicants must be interviewed online in addition to documentary screening. Since interviews are conducted remotely via Zoom, applicants do not need to come to campus. **Prior to the online interview, a connection test must be done on a separate date.** Detailed instructions about the online interview and mandatory connection test (including a meeting time, ID, and passcode) will be notified through OAS.

8. Notification of the admission decisions

Admissions results will be notified through OAS on the given notification date.

**An additional online interview may be required at the discretion of the University: Details, including an invitation to Zoom, will be provided at the time of notification.*

Attention

Those who do not hold Japanese nationality must have, or obtain, valid residence status in Japan to enroll in ICU. Even if you complete the required entrance procedures after receiving notification of acceptance from ICU, if you fail to obtain valid residence status in Japan, you will not be allowed to enroll in ICU. Even if ICU applies to the Immigration Services Agency of Japan for the Certificate of Eligibility (CoE) on your behalf, ICU assumes no responsibility for the results of the CoE application.

5. Application Schedule

- ☑ ICU's academic year begins in April and is divided into three terms: Spring, Autumn, and Winter.
- ☑ Students can enroll in ICU in April, at the beginning of the Spring Term, or in September, at the beginning of the Autumn Term.

⚠ Important Notes:

☑ Application Timing:

Applicants may apply for only one entry term: April or September. For September entry, applicants may apply to only one application period (First or Second). There is no advantage or disadvantage in applying for April or September entry, nor between the first and second application periods for September entry.

☑ No Deferral of Admissions:

Admission offers cannot be deferred to a later term or year. If admitted for April entry, the successful applicants may not defer enrollment to September or later, and vice versa. Applicants should select their intended entry term carefully without assuming the possibility of deferral.

☑ Reapplication Restriction:

Regardless of the admissions results, applicants must wait one year before reapplying. For example, applicants for September 2026 entry may not apply for April 2027 entry but may apply again for September 2027 entry.

Attention

For Current Exchange OYR (One-Year Regular) Students at ICU:

If you are currently studying at ICU as an exchange student (Exchange OYR) from a partner institution and are considering applying for Transfer admission to ICU, please note the following:

- ☑ You may not ask ICU faculty or staff to write your letter of recommendation.

G) Two Letters of Recommendation

Applicants must submit two letters of recommendation from faculty members at their university or college.

**If applicants have not completed one full academic year of university or college study at the time of application, one of the two letters may be submitted by a high school teacher in place of a university/college faculty recommendation.*

■ Submission of the Information Sheet (Coversheet for a Letter of Recommendation)

A completed Information Sheet (*Coversheet for a Letter of Recommendation*) in the [ICU-designated format](#) must be submitted together with the letter of recommendation when:

- ☑ the letter is submitted by postal mail;
- ☑ the letter is submitted by email attachment; or
- ☑ the letter is uploaded by a third party on behalf of the recommender.

FAQs: Letter of Recommendation (for Recommenders)

Q1. How long should the letter of recommendation be?

A. Approximately 1,000 words or less.

Q2. What should the letter focus on?

A. The recommender's relationship with the applicant, the applicant's character and abilities, and—if possible—their potential success at and contributions to the ICU community.

Q3. Is there a required format?

A. **No.** However, the letter must include the recommender's name and title, be signed, and use of official letterhead is preferred.

Q4. Can someone other than the recommender complete the Information Sheet?

A. **Yes.** In cases where a third party uploads the letter, the Information Sheet may be completed by an authorized third party based on information directly obtained from the recommender. However, under no circumstances may the applicant complete the Information Sheet on behalf of the recommender, even if the recommender has given permission.

Q5. Can the Information Sheet be submitted on its own?

A. **No.** It must always be submitted together with the letter of recommendation.

Q6. Are letters of recommendation confidential?

A. **Yes.** Applicants have waived the right to review confidential letters, and ICU strictly maintains confidentiality of all submitted materials.

Q7. What should I do if I have technical difficulties using the Submission Portal?

A. If the portal cannot be used, ICU may accept documents by postal mail or email attachment, subject to conditions below:

- ☑ **Postal mail:** Send sealed, signed/stamped confidential documents to ICU Admissions Center.
- ☑ **Email:** Send from an official school domain email address to admissions-center@icu.ac.jp.

For any submission made outside the portal, the completed Information Sheet (*Coversheet for a Letter of Recommendation*) must be attached to the letter of recommendation.

Further details can be found on the *Alternative Submission Procedures (If Portal Submission is Not Possible)* (p.30)

**Documents arriving after the deadline are not accepted. Email or postal submission is allowed before the application period opens.*

Can I upload the letters of recommendation myself on behalf of recommenders?

No. The letters of recommendation may contain confidential information that is not disclosed to the applicant. All applicants are required to understand this and formally waive the right to review its contents and must therefore request their recommenders to submit the letters of recommendation on their behalf.

**Letters of recommendation uploaded by applicants themselves will not be accepted, regardless of the circumstances.*

3. Documents to Be Uploaded by the Applicant

- ☑ Items H through L must be uploaded by the applicant to the Online Application System (OAS).
- ☑ Uploading will become available once the applicant has completed the application registration process, including data entry and payment of the application fee.
- ☑ **For IELTS, TOEFL, SAT, and ACT Score Reporting:** Simply uploading scores to OAS is not sufficient. Applicants must arrange for the official score reports to be sent via the specified methods.

Attention

For Current Exchange OYR (One-Year Regular) Students at ICU:

If you are currently studying at ICU as an exchange student (Exchange OYR) from a partner institution and are considering applying for Transfer admission to ICU, please note the following:

- ☑ In addition to the documents issued by your home university, you are also required to submit an official transcript issued by ICU.

H) Required Documents by Educational System

The *Required Documents by Educational System* refer to a set of documents used to confirm both the completion of senior secondary education and qualifications for university entrance under a given educational system.

**The details of the required documents (e.g., academic credentials, examination results) and the applicable requirements (e.g., specified course requirements) vary according to the educational system.*

Applicants are required to carefully review the [Admissions Requirements by Educational System](#) (pp. 6-10) and ensure that their school submits all specified documents in accordance with these requirements.

For Bachelor's Degree Holders (if applicable):

Applicants who already hold a bachelor's degree and seek admission as undergraduate transfer students are exempt from the *Admissions Requirements by Educational System*. All other applicants must submit the required documents.

✦ FAQs: Required Documents by Educational System (for Applicants)

Q1. I have passed the Upper Secondary School Equivalency Examination (高等学校卒業程度認定試験) in Japan. Which educational system should I refer to?

- A. Applicants who have passed the Upper Secondary School Equivalency Examination (高等学校卒業程度認定試験) are classified under the Japanese educational system. Please refer to page 7.

**This classification also applies if you have passed the former University Entrance Qualification Examination (大学入学資格検定). Similarly, if you hold a U.S. GED or HiSET qualification, you are classified under the U.S.-based education (p.7).*

Q2. I graduated from an international school accredited by a U.S. regional accrediting agency (e.g., WASC, NEASC, MSA-CESS, Cognia). How am I classified?

- A. If your school is accredited by any of the organizations listed above, you are classified under the U.S.-based educational system. Please refer to page 7.

Q3. Does the category “UK GCE A Level” include International A Levels?

- A. **Yes.** If you hold International A Levels awarded by recognized international examination boards, such as Cambridge International and Pearson, they are treated as the “UK GCE A Level” qualifications for the purpose of this admissions process.

Q4. My educational system is not listed in Required Documents by Educational System? What should I do?

- A. If your educational system is not listed, please submit the [Eligibility Check Form](#) by the deadlines below:

For April 2027 Entry:	23:59 (JST) on August 14, 2026
For September 2027 Entry:	23:59 (JST) on November 13, 2026

**Review may require more than one week depending on individual circumstances.
Additional time may be needed during extended holidays or active selection periods*

Q5. May I submit SAT or ACT scores in place of the required credentials or examination results?

- A. **No.** Regardless of whether SAT or ACT scores are submitted, you must submit all required qualification documents specified in *Admissions Requirements by Educational System*. Submission of SAT or ACT scores does not replace the prescribed national or system-specific university entrance qualifications.

I) Official Transcript

Applicants are required to submit official transcript(s) of their post-secondary education.

The following requirements apply:

- ☑ **The transcript(s) must be the most recent version available at the time of application.**
- ☑ **Applicants who have not completed at least one full academic year of post-secondary study at the time of application must also submit official transcript(s) from their secondary education.**

**Student copies or documents without a school stamp or signature are not accepted, as their official authenticity cannot be verified.*

❖ FAQs: Official Transcript (for Applicants)

Q1. What should I submit if I have not completed one full academic year of my university or college study?

A. If you have not completed at least one full academic year of post-secondary study at the time of application, you must submit official transcript(s) from your secondary education, in addition to your university or college transcript. Please note the following requirements:

- ☑ Your secondary school transcript(s) must be the final version and clearly indicate your date of graduation.
- ☑ The transcript(s) must cover at least three academic years, including your final (senior) year.
**If you attended multiple schools during this period, you are required to submit transcripts from all institutions.*
- ☑ Each transcript must be accompanied by an official document outlining the school's grading system.
**If this information is included in the transcript, no additional document is required.*

Q2. I attended more than one university or college. What transcripts do I need to submit?

A. You must submit an official transcript from each post-secondary institution you attended.

Q3. What should I do if my transcript does not include information about the grading system?

A. If your university or college transcript does not explain the grading system used, you must submit an additional official document issued by the institution that clearly describes the grading system.

Q4. Can my official transcripts be sent directly from my institution using a digital transcript service such as Parchment?

A. **Yes.** You may arrange for your official transcripts to be sent directly from your current or former institution to ICU Admissions Center. Such digital transcripts are accepted as official and verified documents, provided that they are sent through a recognized service (e.g., *Parchment*) or by an authorized institutional representative.

Accepted methods include:

- ☑ Digital transcripts sent via a recognized electronic transcript service directly to admissions-center@icu.ac.jp
- ☑ Electronic files attached to an email sent directly by an authorized staff member of your institution from an official institutional domain email address to the address above

Transcripts received through these methods are treated as official documents and may replace your upload to OAS MyPage. If you choose this option, you must notify ICU Admissions Center in advance through the Online Inquiry Form on your OAS MyPage, indicating that you have arranged for direct submission by your institution.

After You're Admitted: Submitting Your Official Documents

Admitted applicants will be required to submit the original or certified true copies of their self-uploaded documents.

Acceptable submission methods are as follows:

- ☑ **Electronic Submission:**
 - Sent directly to admissions-center@icu.ac.jp
 - From an authorized staff member of your university or college using an official domain email address, or
 - Via a secure transcript service such as Parchment
- ☑ **Physical Paper Submission:**
 - Sent by courier service or registered mail to ICU Admissions Center.

→ Refer to [3. Required Documents to Be Submitted to ICU Admissions Center](#) (p. 36) for details.

**Printed digital copies submitted by the applicant will not be accepted as certified true copies, even if the originals were officially issued in digital form by the issuing institution.*

J) Certificate of Enrollment

[To Be Submitted Using ICU-Designated Form ([click here](#))]

The **Certificate of Enrollment** is required to verify eligibility for application as a transfer student. Applicants must submit this document in order to confirm either of the following:

- ☑ That the applicant has been enrolled as a degree-seeking student at a current or former post-secondary institution and will have completed at least one academic year of a bachelor's degree program by the time of transfer enrollment at ICU (excluding periods of leave of absence); or
- ☑ That the applicant will have completed an associate degree at an institution of higher education (university/college) by the time of transfer enrollment at ICU.

FAQs: Certificate of Enrollment (for Applicants)

Q1. Is the ICU-designated Certificate of Enrollment form always required?

- A. In principle, applicants are required to submit the Certificate of Enrollment using the ICU-designated form completed by the registrar (or equivalent office). However, submission of an official transcript or other official documents may be accepted in lieu of the Certificate of Enrollment if they sufficiently verify all of the required information such as degree level, enrollment status (degree-seeking), and period of enrollment (excluding periods of leave of absence).

Q2. What is meant by "degree-seeking" status?

- A. "Degree-seeking" refers to enrollment in a formal academic program leading to a recognized degree (*e.g., bachelor's or associate degree*). Non-degree, exchange, auditing, or preparatory program enrollment does not satisfy this requirement.

Q3. How is "one academic year" defined?

- A. One academic year generally refers to a full-time course of study equivalent to approximately two semesters or three quarters, excluding any periods of leave of absence. However, as academic structures vary across countries, regions, and institutions, the interpretation of what constitutes "one academic year" is ultimately based on the academic calendar and system of the institution attended. ICU will assess this requirement based on official documentation provided by the applicant.

Q4. Can my certificate be sent directly from my institution as an email attachment?

- A. **Yes.** You may arrange for your Certificate of Enrollment to be sent directly from your current or former institution to ICU Admissions Center. Such digital copies are accepted as official and verified documents, provided that they are sent through a recognized service (*e.g., Parchment*) or by an authorized institutional representative.

Accepted methods include:

- ☑ Digital copies sent via a recognized electronic file service directly to admissions-center@icu.ac.jp
- ☑ Electronic files attached to an email sent directly by an authorized staff member of your institution from an official institutional domain email address to the address above

Digital files received through these methods are treated as official documents and may replace your upload to OAS MyPage. If you choose this option, you must notify ICU Admissions Center in advance through the Online Inquiry Form on your OAS MyPage, indicating that you have arranged for direct submission by your institution.

After You're Admitted: Submitting Your Official Documents

Admitted applicants will be required to submit the original or certified true copies of their self-uploaded documents.

Acceptable submission methods are as follows:

☑ **Electronic Submission:**

- Sent directly to admissions-center@icu.ac.jp
- From an authorized staff member of your university or college using an official domain email address, or
- Via a secure transcript service such as Parchment

☑ **Physical Paper Submission:**

- Sent by courier service or registered mail to ICU Admissions Center.

→ Refer to [3. Required Documents to Be Submitted to ICU Admissions Center](#) (p. 36) for details.

**Printed digital copies submitted by the applicant will not be accepted as certified true copies, even if the originals were officially issued in digital form by the issuing institution.*

- (2) Applicants who have an IB Diploma and took **IB English A** ("Literature" or "Language and Literature").

**For the criteria (1): No additional documents are required at the time of application. Exception: Use of Duolingo English Test (DET) Due To Extreme Circumstances

As proof of English language proficiency instead of IELTS or TOEFL, the Duolingo English Test (DET) may be accepted only as an exceptional measure for applicants whom ICU deems to have extreme difficulties in taking IELTS or TOEFL—such as those in refugee camps or war-torn areas—and only upon a formal request with supporting documentation.

If this applies to you, you must contact ICU Admissions Center via email before the application period starts.

You need permission to use your DET score as proof of English Proficiency in place of IELTS or TOEFL.

- ☒ Prior approval is required.
- ☒ The minimum required DET score is 110.

❖ FAQs: Use of Duolingo English Test (DET) (for Applicants)

Q1. Can I use Duolingo English Test (DET) scores instead of IELTS or TOEFL?

- A. DET scores may be accepted only under very limited and exceptional circumstances, as determined by ICU. Approval is not granted as a general alternative to IELTS or TOEFL.

Q2. Are financial reasons sufficient to request permission to use DET?

- A. No. Financial reasons alone, such as lower test fees, are not considered valid grounds for approval.

Q3. What if there is no IELTS or TOEFL test center in my region?

- A. In such cases, you are expected to first consider alternative official options, such as IELTS Online or TOEFL iBT Home Edition, before requesting permission to use DET scores.

L) SAT or ACT Plus Science and Writing (only for applicable Type A applicants)

[Required only for applicable Type A applicants]

Applicants who apply under Type A may be required to submit SAT or ACT Plus Science and Writing scores.

Except for applicants who have completed one or more academic years of a bachelor's degree program at the time of application (see page 12), those who fall under any of the following categories must submit official SAT or ACT scores taken within the last five years:

- (1) Applicants who hold a Japanese or U.S. high school diploma*
- (2) Applicants with IB Full Diploma or UK GCE A Levels who possess valid SAT or ACT scores and wish to submit these scores in addition to their IB or A Level grades.
- (3) Applicants who would otherwise fall under Type B but choose to apply under Type A by submitting valid SAT or ACT scores in addition to their system-specific required documents (e.g., *credentials and examination results*).
- (4) Other applicants who have been instructed in advance by the ICU Admissions Center to submit SAT or ACT scores (e.g., *applicants who withdrew from a post-secondary institution more than five years ago and are therefore required to submit SAT or ACT scores taken within the last five years to show the most recent academic performance*)

**This includes applicants who have passed the Japanese Upper Secondary School Equivalency Examination (高等学校卒業程度認定試験), the University Entrance Qualification Examination (大学入学資格検定), the U.S. GED (General Educational Development) or HiSET (High School Equivalency Test).*

■ Submission Method:

When arranging the submission of official scores, applicants must read the instructions described below carefully and allow sufficient time. Official score reporting from each testing institution may take several weeks.

If ICU Admissions Center is unable to verify the official scores by the application deadline, the application will be considered incomplete and cannot be accepted.

Notes:

- Test registration and official score reporting are generally separate procedures.
- Official score reports may be sent before the application period opens as early submissions will be accepted.
- ICU does not assume responsibility for any issues related to score reporting arrangements (e.g., *misdelivery or delays*); nor does it respond to individual inquiries regarding the receipt status of scores.
- For score reporting or delivery procedures and any test-related inquiries, applicants must contact the respective testing organization directly.

SAT

- ☒ Must be taken within five years prior to the application start date.

❖ FAQs: Standardized Test Scores (for Applicants)

Q1. How important are SAT or ACT scores compared to other application documents?

- A. SAT or ACT scores are one of several evaluation components. Personal statements, short essay, academic transcripts, letters of recommendation, and other required documents are equally important in the overall evaluation.

Q2. Can I still apply without SAT or ACT scores even if they are required for my application track?

- A. If SAT or ACT scores are required based on your eligibility, application type, or educational background, applications without confirmed official scores will be considered incomplete and cannot be accepted.

Q3. Which SAT or ACT score will ICU use if I have taken the test multiple times?

- A. ICU evaluates the highest scores from each section across test dates (**Superscoring**), provided that all scores meet the validity requirements stated in the Admissions Guide.

Q4. Are ACT scores accepted only if they include the Science and Writing sections?

Can missing sections be substituted with other tests?

- A. Only ACT scores that include both the Science and Writing sections are accepted. Deficiencies in these sections cannot be compensated for by combining other test results or credentials. ACT scores without the required sections are not valid for application purposes.

Q5. I have valid SAT or ACT scores taken within the required period, but I forgot to arrange official score reporting by the application deadline. Will my application still be accepted if I arrange reporting after the deadline?

- A. **No.** Even if applicants have valid SAT or ACT scores taken within the required period, applications will be considered incomplete if official score reporting is not arranged and confirmed by the application deadline. Late score reporting cannot be accepted under any circumstances.

Average Scores of Successful Applicants (2022-2026)

While the minimum English Language Proficiency requirement is IELTS 6.5 or TOEFL iBT 79 (taken before January 20, 2026) / 4.5 (taken on or after January 21, 2026), there are no such criteria for other standardized tests such as SAT, ACT, or IB.

The figures shown below are average scores of applicants who were admitted in past admission cycles (2022-2026). They are provided for reference only and do not constitute minimum required scores.

	Average	/ Full Mark

ACT Composite Score	30.4	/ 36
IB Full Diploma	38.3	/ 45

**As all dates and times are given in Japan Standard Time (JST).*

**Applicants residing outside Japan should pay careful attention to the time difference.*

- ☑ **Request for Clarification:** ICU will contact the applicant or the school directly only if clarification is required during the preliminary review process.
- ☑ **Invalidation Due to Misconduct:** If any misrepresentation, falsification, or other form of misconduct is identified in the application materials — including, but not limited to, discrepancies in provided information or submission of photographs that do not meet the prescribed specifications (*e.g., digitally altered images*) — the applicant's eligibility for further screening process and/or enrollment at ICU will be revoked.

Notification of Application Number

An application number will be issued after all required application documents have been formally accepted.

 After the application period has ended, ICU will review all submitted documents on a rolling basis (not immediately after each applicant completes submission).
ICU does not respond to individual inquiries regarding confirmation of receipt.
- ☑ **Application Status on OAS MyPage:**
 Preliminary review process and subsequent status updates on OAS MyPage may take time.
 Applicants must wait for notifications via OAS and refrain from making individual status inquiries.
- ☑ **Communications via OAS MyPage (Mainly through Online Inquiry Form):**
 If clarification is required during the preliminary review process, ICU will contact the applicant or their school individually with further instructions, which may include requests for additional documents or information.
 In most cases, such communications will be conducted via Online Inquiry Form on OAS or Submission Portal.
**Applicants must regularly check OAS MyPage, including messages sent via the Online Inquiry Form.
 If necessary, the University may correct or update application data in OAS on the applicant's behalf.*
- ☑ **Formal Confirmation of Document Acceptance:**
 Once all required documents have been reviewed and no deficiencies remain, the document status on OAS MyPage will be updated to "Received and Confirmed."
- ☑ **Issuance of Application Number:**

Notes:

- *If the school (university or college) has already sent the required documents directly to ICU Admissions Center during the application process, resubmission is not required.*
- *Digital submissions are accepted only when sent directly from an official institutional domain email address.*
- *Submissions from personal email accounts (e.g., Gmail, Yahoo) will not be accepted.*
- *Printed copies of digital documents submitted by applicants themselves will not be accepted as certified true copies, even if the original documents were officially issued in digital form.*

- Attention** Admission will be cancelled under any of the following circumstances: *(regardless of the completion of other entrance procedures, including payment of academic fees)*
- ☑ Required documents are not received by ICU Admissions Center by the prescribed deadline.
 - ☑ The original or certified true copies differ from the versions uploaded to OAS.

Additional Documents Required to Complete Transfer Enrollment

To complete the enrollment process at ICU, transfer students must submit official documents from their previously attended colleges or universities (described as items 1 and 2 below) by a deadline to be specified separately.

All documents must be submitted to, and inquiries directed to: **Educational Affairs Group** (ea-group@icu.ac.jp)

1. Final Official Transcript

Submit the original final transcript(s) from all institutions attended.

- Must be officially issued, signed/stamped, and sealed by the institution
- Student copies are not accepted
- Digital transcripts (.pdf) are accepted only if sent directly from an institutional email address or via a recognized service (e.g., Parchment)

**If the final transcript has already been submitted (at the time of application or as an original after admission), resubmission is not required.*

2. Certificate of Graduation or Withdrawal

Submit an official document verifying your final academic status:

- **Bachelor's program:** Certificate of graduation or withdrawal
- **Associate degree program:** Certificate of graduation

This document is required to confirm that the applicant has formally completed or withdrawn from the previous institution at the time of enrollment.

**Exemption: Item 2 may be omitted if the transcript (Item 1) clearly indicates the date of graduation or withdrawal; and was issued after completion of studies.*

4. Procedures Necessary for Entering Japan

Admitted applicants who hold a foreign nationality and are currently residing outside of Japan must follow the required visa application procedures to obtain a “Student” visa for entering Japan.

Attention For Foreign Nationals Residing Outside of Japan:

- ☑ You must have or obtain valid status of residence in Japan to enroll in ICU.
- ☑ Even if you complete the required entrance procedures after receiving the “Notification of Acceptance” from ICU, if you fail to obtain valid status of residence in Japan, you will not be allowed to enroll in ICU.
- ☑ Even if ICU applies to the Immigration Services Agency of Japan for the Certificate of Eligibility (CoE) on your behalf, ICU assumes no responsibility for the results of the CoE application.

Student Visa

Prospective non-Japanese students are required to have a “Student (Ryūgaku)” visa.

- ☑ Detailed instructions on how to promptly obtain a “Student” visa will be provided to admitted applicants directly by email from the *Support Gyoseishoshi Corporation ICU Team*, which is commissioned by the University, after the admission results are notified.
- ☑ As an essential part of the procedures to obtain a “Student” visa, the *Support Gyoseishoshi Corporation*, on behalf of students, initiates the visa application by applying to the Japanese government for the official document, “**Certificate of Eligibility (CoE) for Status of Residence (Zairyū Shikaku Nintei Shōmeisho).**”
**It takes a significant amount of time (one to three months depending on the circumstances, according to the recent immigration reports) for the CoE to be issued by the immigration bureau.*
- ☑ Once the CoE is issued and sent electronically to the *Support Gyoseishoshi Corporation*, it will be forwarded to the admitted applicants. Applicants should then apply for a “Student” visa at the nearest Japanese Embassy or Consulate by presenting the CoE. The “Student” visa is usually issued a few days after the application.
- ☑ Deadlines for the CoE application will be communicated in the instructions provided by the *Support Gyoseishoshi Corporation ICU Team*. The timelines below are for general reference only.

For April 2027 entry	Early December 2026
For September 2027 entry	Early May 2027

**Deadlines for such CoE applications are set separately from, and much earlier than, other entrance procedures.*

- ☑ These deadlines fall shortly after the notification of admissions decisions. As some required documents may take several weeks to obtain, applicants are strongly advised to prepare the following documents well in advance.

Passport

Prospective students from abroad should obtain the information necessary for applying for a passport from the appropriate government office in their home country. Passports are issued for a designated period of time, which varies by country, and each passport has a specific expiration date.

**Passports must remain valid at all times during residence in Japan.
Applicants are required to possess a valid passport by the time of application to ICU.*

Reference Documents for Financial Resources

- ☑ When applying for a “Student” visa, applicants must provide the Japanese Government with proof of sufficient financial resources to cover all expected living expenses (*excluding Tuition or Facilities fee*) during study at ICU.
**Applicants are required to provide ICU with concrete proof of available financial resources. This is a particularly important factor in the Ministry of Justice’s examination of financial capacity for the issuance of a Certificate of Eligibility (CoE).*
- ☑ The specific required minimum amount will be announced at the time of the admission result notification. As a general reference, applicants should be able to demonstrate funds exceeding 1,560,000 JPY (130,000 JPY × 12 months). **The information provided on page 39 will also help applicants estimate annual costs.*

(continued to the next page)

☑ Financial supporting documents must be provided in one of the following forms:

a. Bank Certificate Deposit Balance

An official certificate issued by a bank (e.g., a PDF downloaded from online banking).

The certificate must clearly include:

- the bank's official letterhead (bank name, logo, and address or contact information),
- the account holder's name (applicant or financial sponsor),
- the account balance demonstrating sufficient funds,
- the currency type (e.g., JPY, USD)
- the date of issue (must be issued within three months prior to submission).

**Bank stamps or handwritten signatures are not required.*

b. Official Scholarship or Grant Document

If you are receiving funding from a government or organization, submit an official document issued by that organization. The document must clearly state:

- the funding period
- the scholarship or grant amount (in JPY or USD).

**NOTE: Documents that Cannot Be Accepted (Examples)*

- Screenshots of online banking pages or mobile app displays
