【Floor Introductions】

1st Floor

Zelkova House, 1st floor, is a dorm that is always alive. No matter the time of day, there is someone to talk to. With people from all over the world living in the same space, there is never time for you to get bored. From Super Smash Bros in the social space to elaborate, delicious-smelling meals in the kitchen, there is always something to do on Zelkova's first floor. Although we have some of the "longer" floor meetings at ICU, it's a valuable space for everyone's voice to be heard, and of course, we always end with "Ice Cream Jyanken." If you want to enjoy dorm life to the fullest, Zelkova House is the best for you! Come enjoy the Keyaki life and make tons of memories with us! IG: @icu_zelkova_first_floor

2nd Floor

Zelkova House 2nd floor is an all-female floor! We're a very peaceful community where everyone gets along great, regardless of their academic year. While we all value our personal time, we also love getting together to keep things lively. We always support each other when someone's in need, making everyday fun and comfortable.

Come join us and let's make amazing memories together!

3rd Floor

The third floor is also a women's floor! What makes it special is the complete lack of hierarchy—everyone on the third floor treats each other like friends. Even when things get overwhelming with assignments, club activities, or part-time jobs, you can always go to the kitchen and find people who will listen to you and support you. We've all found comfort there more times than we can count. Everyone on the third floor of Keyaki Dorm is looking forward to welcoming you!
