**Announcement of Faculty Position in Organic Chemistry**

|                              |   |
|------------------------------|---|
| Outline                      | <p>International Christian University (ICU) is a private, bilingual university that provides a first-class liberal arts education in a culturally and religiously diverse international community of students, faculty, and staff. ICU's educational mission is based on Christian and democratic principles. ICU has approximately 3,000 students and over 150 faculty members from Japan and overseas. The university is located on a wooded campus in the suburbs of Tokyo.</p> <p>We are pleased to announce an open search for a full-time faculty position in the Department of Natural Sciences with a particular focus on Organic Chemistry. While the specific sub-discipline is open, the successful candidate is expected to be actively involved in both education and research. Teaching responsibilities encompass General Education, Foundation, Major-level, and Graduate courses. Applicants should possess the capability to manage and operate laboratory safety. Applicants with a strong interest and enthusiasm for environmental chemistry and green chemistry are highly welcome.</p> |
