International Christian University

Department of Natural Sciences, College of Liberal Arts

Announcement of Faculty Position in Physics

Outline	International Christian University (ICU) is a private, bilingual university that provides a first-class liberal arts education in a culturally and religiously diverse international community of students, faculty and staff. ICU's educational mission is based on Christian and democratic principles. ICU has approximately 3,000 students and over 150 faculty members from Japan and overseas. The university is located on a wooded campus in the suburbs of Tokyo. We are pleased to announce an open search for a full-time faculty position in the Department of Natural Sciences with a particular focus on Physics. We seek a candidate who specialises in experimental condensed matter and materials physics, broadly defined to include applied physics, who will actively pursue research in this field and contribute to teaching across the full range of physics. The successful applicant is expected to teach general education, foundation, and area major courses in the College of Liberal Arts, as well as courses in the Graduate School. Applications from female candidates are encouraged.
